EVOLUTION/MILESTONES OF STYLAM

USP OF STYLAM

01

Asia's biggest Infrastructure & manufacturing plant of Laminates.

02

Largest capacity of hydraulic press in India having 24 daylight openings in following size 1220 x 2440 mm, 1300 x 2850 mm, 1300 x 3050 mm, 1860 x 3660 mm & 1860 x 4320.

03

Credibility of more than 25+ year in Industry.

04

Having Global presence in more than 60+ Countries.

05

Over 2500 + Design, 80 + Textures & Finishes.

06

Having range of High Pressure Laminates, Cubicles board, HPL Exterior Cladding, Acrylic Solid Surfaces.

07

State of art technology & manufacturing of acrylic solid surfaces.

08

We have multiple finishes available in High Gloss, Metallic, Anti-bacterial, Chalkboard, FR, electrostatic, magnetic, mirror, translucent, chemical retardant laminates.

09

Stylam Laminates Uniform and superior sanding ensure best bonding with substrates.

INDUSTRIES LTD.

25
YEARS

25 + years spent pursuing the ethos, 'what the spirit commits, perseverance completes' is what has shaped Stylam Industries Limited. Incepted in the year 1991 under the name of Golden Laminates Private Ltd, we started our success story by manufacturing decorative laminated sheets for both residential as well as industrial applications. Today, under the brand name **STYLAM** we have been combining industrious efforts, wide experience and innovative product customization to consistently deliver quality and satisfaction to our clients. Dealing in post forming, anti-static, anti fungal and anti bacterial and chemical resistant laminates, Stylam is a name trusted for unmatched laminates that suit every budget. We are reputed to be a global entity with a Pan India presence and a thriving export market in more than 60 countries. Our major customers are in Europe, Far East, Middle East, Russia & North America and we continue to maintain robust YOY growth.

We have our state-of-the-art infrastructural plant at Panchkula in North India. Our manufacturing unit has world-class machines and equipments and assures maximum production of laminates in minimum time and our machines are operated by highly skilled and best in the class workmen. Since 25 years, we have been developing high quality products.

viotouch
DECORATIVE LAMINATES

Individual tastes have aspirations too. You may start small, but with time, you want to have the best of the world. Designs and make with what you wish to surround your own world. That is why, **VIOTOUCH**.

Stylam understands the evolving laminate market, and believes in why should international designs be either unavailable or un-affordable? Not anymore. The **VIOTOUCH** range comes in 0.8 mm thickness and has a number of designs and patterns. Anything and everything that you see, now, you can ask for.

Textures in Greek monuments are certainly different from the Italian shoes. Whatever be the inspiration, you can have a laminate matching your taste. Texture laminates is a natural choice for the ones who like to think different.

~

With **VIOTOUCH**, you have a variety of theme-based laminate designs inspired by international styles.

CHALK

PRODUCT PORTFOLIO

Anti Finger Print Laminates

It is a type of High-Pressure Laminate that is used in the most demanding interior design applications. A unique technology during manufacturing ensures that finger marks are almost never seen thereby substantially reducing the effort required for care & maintenance. This stunning yet highly durable smooth surface is impact, scratch and heat resistant.

Post Forming Laminates

Stylam post forming laminate range has been exclusively designed for usage on vertical and horizontal interior surfaces, where the laminate is required to roll in a simple radius over the edges of substrate. With added flexibility, malleability and excellent thermoforming properties for forward and reverse bending applications, Stylam Post Forming Laminate enhances the decorative property.

Industrial Laminates

Stylam Industrial Laminate Panels are available in the options of all brown core, all black cores and sandwiched design core. The Industrial Laminate panels are formulated with inner core of celluloid fibers impregnated with special thermosetting resins. High values of flexural strength and tensile strength ensures that these panels are suitable for saw cutting, drilling, machining and punching as per requirement.

Smart Board (White Marker Board)

Stylam Chalk/Marker Board are made with special type of synthetic polymer which imparts durability to surface with easy cleaning of dry erase markers or wet erase markers. Chalkboard Laminate is the perfect solution for any space or application that demands a durable and affordable writing surface, and unlike other chalkboard surfaces, it requires no special maintenance.

Unicore Laminates

Unicore Laminates are a unique combination of identical colors with layered decorative surfaces. Tastefully selected decorative papers for surface layers are infused with treated melamine resins. Same decorative papers are used as core layers that are infused with specially treated Amino resins. Unicore is a world where you could feel vibrancy of colors, flaunt your space with stunning & flawless Unicore surface that look uniform all across.

Fire-Retardant Laminates

Fire Retardant exterior Laminate panels have extreme fire retardant quality which makes them difficult to ignite and have a low spread of flame. The evacuating time in case of fire is therefore prolonged. Imagine! The Laminate panels can be placed near fireplace or any other flame-prone area. Produced in lamination presses under great pressure and high temperature, these panels have excellent weather protection achieved with protective coating consisting of double hardened acrylic polyurethane resins.

Digital Laminates

Digital Laminates are an easy, simple and reliable mode of artistic expression which offer architects & designers scope of imagination without boundaries. You can translate your imagination to something that you can see, touch & feel, this what sums up intention of Digital Laminates. These are customized printed laminates for interior décor, all we require is what look do you want, with themes ranging from nature, sports, food & romance you can choose from anything & could be applied on walls and partition walls, commercials, multipurpose furniture, stands and exhibitions, pictures, doors & many more areas.

Translucent Laminates

Stylam Translucent Laminates are special panels comprises of two or more sheets of glass adhered together by heat and the use of pressure with interlayer. The result is a milky appearance designed for glazing applications. Some common uses for Stylam Translucent lam are showering screens, internal office partitioning and privacy screens, it's also used to soften incoming light through diffusion. Also, it can be manufactured with other interlayer color.

Mirror Shield Laminates

Manufactured using real Aluminum, Stainless Steel and Copper foil bonded to a backing of Phenolic, resin impregnated Kraft paper, mirror shield laminates giving a durable, semi-rigid sheet for east fabrication and handling. Mirror Laminates are considered ideal for adding air to light duty horizontal or vertical applications.

Magnetic Laminates

Widely used for vertical applications and as an accent to counter-tops, the decorative metal line is surprisingly adaptable and a virtually unbreakable addition to any commercial project. Ideal for a wide variety of applications in an environment such as retail, education, commercial & residential.

Flicker Laminates

The range of flicker laminate is available in Silver & Copper Color. Also known as Glitter Laminates, these designs can be overlaid on any solid colors.

Stylam Synchro Laminates

Stylam Synchro Laminates has real feel of wood and elegant natural look carrying all advantages of Laminate. In Synchro each Laminate surface texture is in synchronization with décor paper pattern, means the design you see is same you feel & experience.

ANTI-BACTERIAL & ANTI-FUNGIE Laminates

Anti-bacterial & Anti-fungi Laminates are intended for application where there is a need for additional protection of the surface against bacteria/fungi. The decorative paper is impregnated with the special melamine resin and assembled with several layers of Phenolic resin treated Kraft. This laminate is easier to maintain as frequent cleaning is not required.

High Gloss Laminates

Stylam gives much importance towards the right combination of resins, chemical additives, curing time & temperature, decorative paper, abrasion resistance overlay & high-quality steel press plates to give high gloss level to the laminate sheet.

MAR (MR+) High Gloss Resistant Laminates

MR+ High Gloss technology gives excellent MAR Resistance thereby maintaining the gloss level three times longer than ordinary high gloss laminate. The Brilliance of Gloss shall stay through years without any sign of wearing out. MR+ High Gloss Laminate is resistant to stain and shows better result compared to any other HG Laminates.

+Plus Guard Chemical ResistantLaminates

With excellent AB & AF properties, +Plus Guard Stylam panels will meet the demands in areas where chemicals & water are used more and where contamination is a genuine threat.

Metallic Laminates

Stylam Metallic Laminates are top trusted product category among Architects & Designers. These HPL Decorative Metal Laminate sheets are made with a durable and flexible backing.

PRODUCT PORTFOLIO

Crafted using the finest materials and highest quality fixtures and fitting especially for heavy traffic areas where functionality and durability matter the most, Cuboid caters to brilliant restroom applications in commercial, hospitality healthcare, education, transport sectors and a lot more. Cuboid has an exhaustive range that is stylish, sturdy yet affordable and is available in various formats, shapes and surface designs along with cubicle systems that are safe and needs specific. Its anti Bacterial and anti Fungi properties minimize the risk of spreading and transferring bacteria.

Stylam's Cuboid is India's first manufacturer with 1860 x 4320 mm Panel Size.

From inspiration to application, every aspect of 'exterior designing' is novel. While weather plays a crucial role, aesthetics drive the concept. Fascia, Stylam's exclusive exterior cladding range, exemplifies these qualities with its perfect amalgamation of tasteful demeanour and exemplary durability. They are manufactured under high pressure and temperature with special resins that provide effective weather protection without losing out on the laminates' character.

FASCIA also brings a unique ventilated façade system, which doesn't allow water, moisture or any other natural agent to find their way through the laminate installation. From patterns inspired by nature to designs complementing your interior, from plain and solid colours to completely abstract constructs, you have them all.

Granex

SOLID SURFACES

Granex can be whatever you imagine it can be. Undulating, virtually seamless, organic shapes, bold effects of colour and translucency – if you can dream it, you can create it with Granex Acrylic Solid Surface; a brand new addition in the Stylam house. A signature innovation, Granex Solid Surface Design continues to evolve and to inspire. We collaborate with designers, architects, artists and fabricators around the globe to reach and develop new creative heights with this extraordinarily impactful material.

Choose from a wide range of trendsetting patterns and tones or even create your own custom colours.
Engrave it. Colour it. Thermoform it.
